Professional Summary

React Developer and B.Tech Computer Science student with hands-on experience building scalable web applications using React.js, JavaScript, and the MERN stack. Skilled in developing responsive UI components, integrating REST APIs, and optimizing frontend performance. Passionate about creating seamless user experiences and writing clean, maintainable code.

Education

Anand International College of Engineering **Jaipur, Rajasthan**

Bachelor of technology in computer science **2022- 2026**

CGPA: 8.46 (till 5th semester)

Nalanda Vidya Niketan Sr.Sec.School

- 12th Percentage: 85.6% 2022
- 10th Percentage: 88% 2020

Training and Career Related Experience

CODEC Technology | Full Stack Development Training 10/8/2025 – 10/9/2025

- Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript.
- Improved UI/UX design and implemented interactive features for better user engagement.
- Collaborated with the team to test, debug, and optimize web applications for performance.

UPFLAIRS Pvt. Ltd | Full Stack Development Training 09/06/2025 – 23/07/2025

- Completed an intensive 45-day full stack development internship, focusing on end-to-end web application development.
- Built real-world projects using **MERN stack** (MongoDB, Express.js, React, Node.js).
- Collaborated in a team to create scalable and responsive web platforms.

Projects

FEELIFY – *Mood-Based Music Player*

Tech Stack: React.js, Node.js, Express.js, Spotify API, JavaScript, CSS

- Developed a React-based music web application that recommends and plays songs based on user mood selection.
- Integrated Spotify API to fetch real-time music data and implemented secure API communication.
- Built RESTful backend services using Node.js and Express to handle API requests and authentication.
- Implemented responsive UI design ensuring cross-device compatibility.

URL Shortener*-Web Application*

Tech Stack: React.js, Node.js, Express.js, MongoDB, JavaScript

- Built a full-stack URL shortening application that generates unique short links for long URLs.
- Developed a responsive frontend using React with controlled forms and dynamic rendering.
- Handled HTTP requests and ensured proper routing and redirection functionality.
- Structured backend using MVC pattern for better scalability and maintainability.

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3
Backend: Node.js, Express.js
Database: MongoDB
Tools: Git, GitHub, Postman
Programming Languages: C, C++, Python

Non-Technical Skills

Leadership ,Multitasking And work under pressure ,problem solving And structured person.

Certificates

- Certified in Full Stack Development from **Octanet Pvt. Ltd. (Sept 2024)** and **Udemy**, with hands-on experience in HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB
- Earned **IIT Bombay certifications** in HTML, Linux, C, C++, and Python with focus on programming fundamentals and OOP concepts.
